## **Principal's Message**

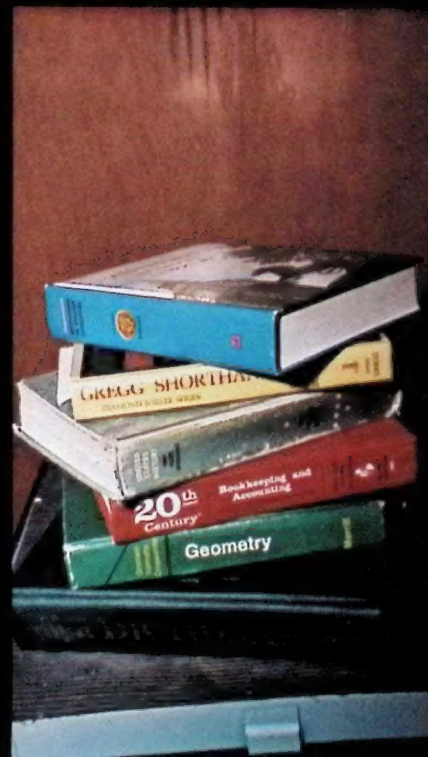

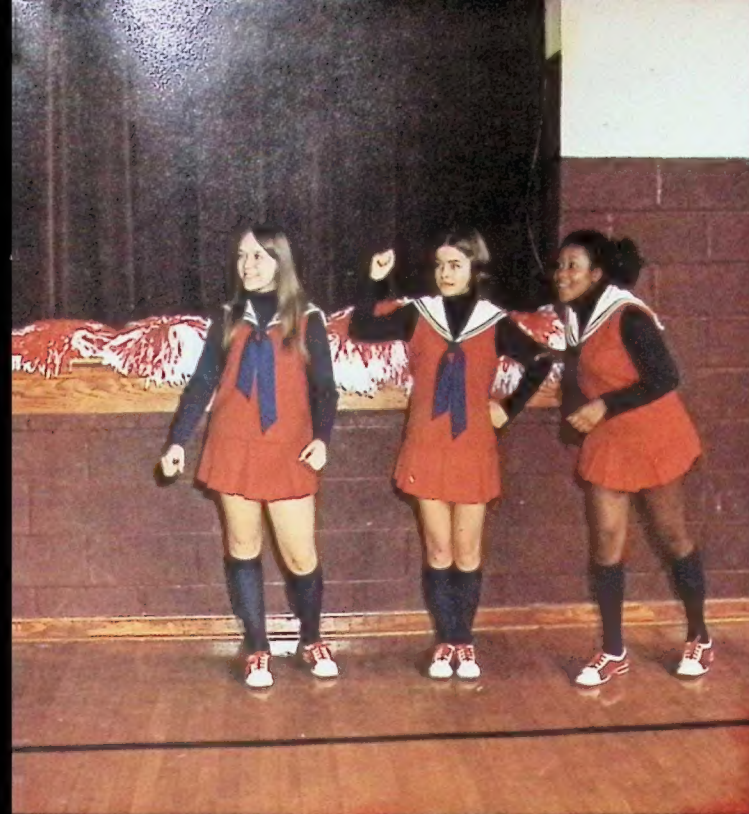

It has been said that there are two educations every person needs. One should teach him how to make a living and the other how to live. It is my sincere belief that, if you have accepted its challenges, CLARKSBURG HIGH SCHOOL has provided you with both educations. What you do with them now is up to you.

My experience in working with the Class of 1974, both as individuals and as a group, leads me to predict great things ahead for you. Your cooperative attitude, spirit of service, and participation in all phases of school life need only to be taken with you into new fields of endeavor. My hat is off to you!

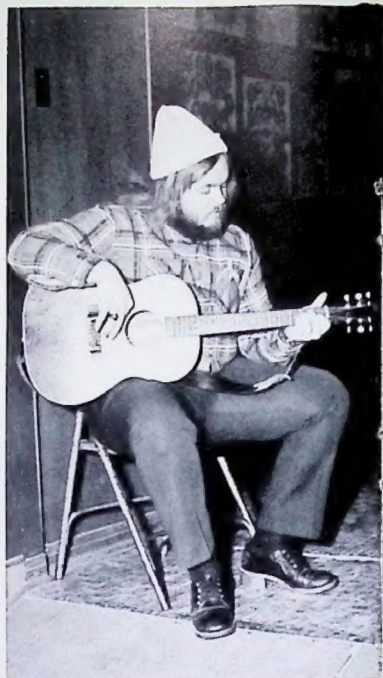

# Beauty, Knowledge, and Love . . . Surround Us

Beauty, knowledge and love are a constant part of our everyday environment. Nature, people, love, friendship, happiness and learning contribute to the growth and enrichment of each individual at CHS.

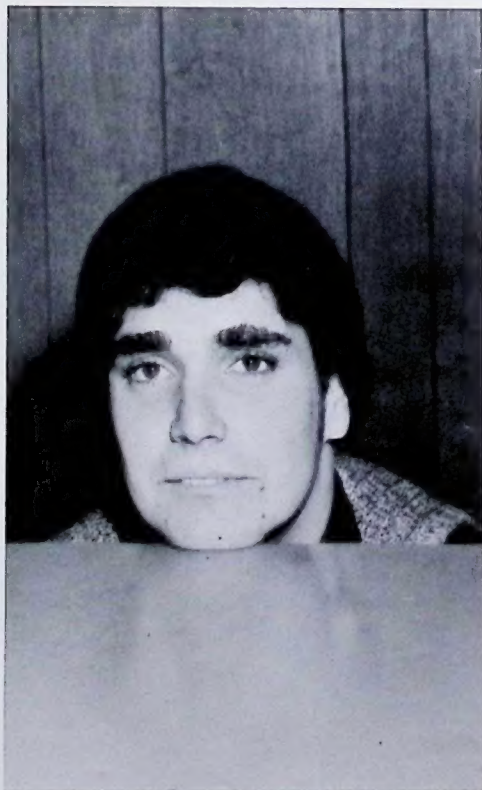

CHS is a world within itself. Its beauty is in the people who fill its halls and classrooms and the glory of nature all around.

Knowledge is here for the taking, waiting to be grasped and put into action. It is our reason for being here, our hope for tomorrow.

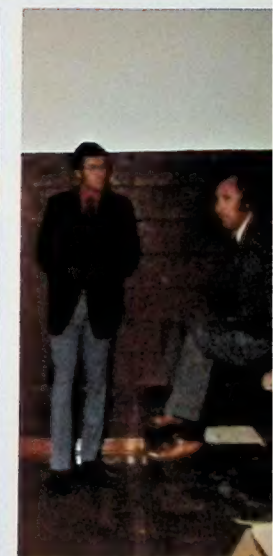

Yet how can so many unique individuals come together in peace and harmony? Love is the answer. Love is present everywhere in everything we do. Friendship, cooperation, teamwork, spirit, enthusiasm, loyalty - all these things make up CHS.

## From Us . . . to You

During his six years at CHS, Mr. Paul Newmon has given of himself wholeheartedly, not only as a coach and teacher, but also as a friend. Always ready to lend a helping hand or ear, he is, without a doubt, one of the most respected and admired teachers at CHS.

With great respect and love we the Seniors of 1974 dedicate the '74 Rocket to you, Coach Paul Newmon.

## Senior Memories

Once upon a time we lived in a world of dreams and hopes and wishes. Our hearts were free, our lives were gay and our minds were young in experience. Time had no meaning because we lived by clocks which had no hour hand. Those were our happy school days. They were real because we made them real. They were alive because we existed.

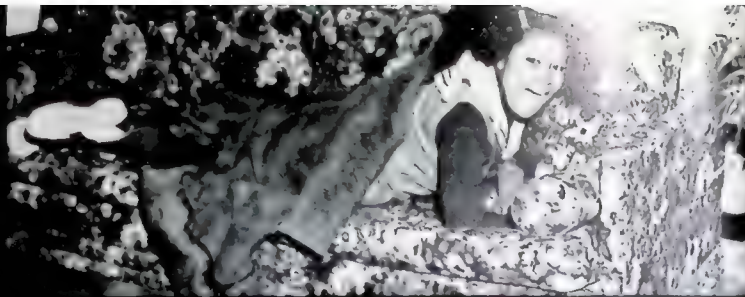

Then suddenly they began to fade. Now finally they are gone. They have become only memories, but they will be with us forever.

Around the corner are the unknown days of tomorrow. Who knows what the future will bring.

A yearbook is a collection of memories - both good and bad. It is a representation of the life, activities, and special moments during the past year. With this thought in mind, we have attempted to present to you some of the most memorable moments of this school year. It would be impossible to capture every experience, but we have tried to present a portion of the special memories which each of us will carry with us throughout the years.
